Life Groups

SUMMER

2009

June 1st—August 30th

GraceLife

Church

Why join a small group?

Have you ever had an authentic relationship with someone you see only in passing for a few minutes on Sunday mornings? It's really tough to develop close relationships that way. That's why we believe that small group fellowship is a key ingredient to growth and discipleship.

When & Where?

Life Groups take place at various times and locations, and most can be joined at any time. The different groups are listed in this brochure with meetings times, locations, and other important information.

What about childcare?

Each group is different, depending on the circumstances. In most cases, children are welcome. You can find out if childcare is provided under each group's description.

But I'm so busy...

True...but you may be surprised that you get so much life from the fellowship or teaching that it's worth the effort. Why not give it a try? Besides, there is no obligation or pressure if you can't go every time.

What are Life Groups?

These small groups are called Life Groups. Life Groups provide a place for you to create meaningful relationships with others while building your relationship with God. We have many different types of Life Groups, from book studies, to activity based, to home fellowships and more. Our only goals are that we get to know one another and grow in our relationship with God.
